

XXIV International Conference on

Yeast 2009

Yeast Genetics and Molecular Biology

19 – 24 July 2009

To be held at
The University of
Manchester, UK

Key conference themes will include ...

Cell Cycle and Morphogenesis

Control of Gene Expression

Genomes and Evolution

Protein Trafficking

Signal Transduction

Systems Biology

Yeasts as Cell Factories

Yeasts as Models for Ageing and
Human Disease

Yeasts as Pathogens

Conference dinner at Old Trafford, the home of Manchester United Football Club.

Registration fee expected to be in the region of £395.00.

A range of accommodation to be offered including basic student accommodation, student rooms with en-suite facilities, 3, 4 and 5 star hotels.

The conference will include a half-day excursion, but there are many other places of interest in and around Manchester. Further details will appear on the conference website in due course.

Abstracts will be published in a special edition of the Yeast Journal.

The University of Manchester is a major centre for yeast research, with some 20 Principal Investigators working on *Saccharomyces cerevisiae*, *Schizosaccharomyces pombe* and *Candida albicans*.

Manchester is easy to reach, being well connected to Britain's motorway and rail networks.

Manchester International Airport is one of the 20 largest in the world and has flights to over 200 destinations world-wide. There is an efficient train link from the airport to the City.

Budget airlines operate to and from Manchester, as well as the major national carriers.

Manchester is a vibrant and exciting city located in the Northwest of England, in the middle of the UK.

It is a cosmopolitan city/region with a lively, rich and diverse cultural heritage. Manchester is within easy reach of three of Britain's finest National Parks – the Peak District, the Lake District, and Snowdonia.

Getting around the City is easy and most places of historical and cultural interest, as well as diverse restaurants, shops and entertainment venues, are within walking distance of the Conference.
